

Privacy

Title|Pipe™ ensures customer information is securely protected through role based authentication and access.

Control

Title|Pipe™ provides customers and team of real estate professionals the ability to manage all transactional needs in a single location.

Visibility

Each transaction participant can view real-time transaction activity and act upon information relevant to their role within the transaction.

Why My Business Is A Title|Pipe™ Security Partner.

Title|Pipe™ is a neutral real estate collaboration platform that allows me to protect my client's private information. By using Title|Pipe™ to communicate and submit documentation, my business reduces any opportunity for miscommunication while eliminating transactional wire fraud.

Together we are creating a secure path forward.

- ✓ Eliminates Wire Fraud Risk and Liability
- ✓ Protects Customer Information Exchange for Everyone Involved
- ✓ Reduces Unsecured Transactional Email by Over 70%
- ✓ "Title|Pipe™ gives myself and more importantly, my clients the confidence that our transaction will close smoothly."
